

Husqvarna DXR 145

DXR 145 is our most compact remote-controlled demolition robot with a 360 degrees rotatable arm. With 18.5 kW power and low weight it is a powerful machine specially developed for demolition work in cramped spaces where the job requires a maneuverable and compact machine with high demand of demolition efficiency.

Equipped with a superior remote control for safer operation and easy maneuverability. DXR 145 is a versatile demolition robot for the construction and process industry. Combine it with a variety of tools like breaker or our compact and versatile crushers and steel shearer. For DXR 145 we recommend our extended hydraulic function and cylinder protection package as additional feature. The package can be ordered as an accessory or installed directly from the factory.
